

Our school: Eugen-Bolz-Gymnasium

By Charlotte, class 5d

This is the older part of the EBG. We call it "Altbau". In this building there is our cosy classroom. There are more fifth and sixth grade classrooms. This part of the school contains rooms for those students who don't leave school right after the lessons end. They do their homework, have lunch together and play with each other.

Our Art room

Let's make Art!!!

In this room all students can be creative. You will find lots of colours, paint brushes and everything to be an artist there. There you can make the world colourful!

Roman bath

This is a special place at the EBG!

There`s an old Roman bath under the new part of the EBG school. It`s really impressive, you can feel like a Roman!

Library

This is our great library!

You can find a well sorted selection of books here, and you can study here, too. It`s a place to relax, because it`s quiet and there are armchairs, where you can sit comfortably.

Gym

This is our nice Gym!

Here you can do lots of sports like handball, volleyball, football etc. You can see this tutor group is playing badminton. Are you interested now? Come in, and you will have much fun!

Eugen Bolz

This is the great man our school is named after. He was a German politician and a member of the resistance against the Nazi regime. He was born here in Rottenburg am Neckar, and killed by the Nazis in Berlin. In class 5 and 6 all students have the school subject “Bolz Module“. There you learn about Eugen Bolz, his life and his values.
